

# Success Plan at a Glance

## Shady Hills Elementary School

18000 Shady Hills Road, Spring Hill, FL 34610  
Thomas Barker, School Principal

### GOAL

# 1

## Collaborative Culture & Data Driven Decisions

Teaching teams will use data from formative assessments to measure student performance on targeted standards and guide future instruction with informed instructional decisions.

- Professional Learning Communities will focus on the guiding questions.
- Teachers will complete the Pasco Formative Quarterly Check Data Protocol.
- When planning for instruction, teachers will utilize the Elementary Learning Network Canvas course, blueprints and grade level scope and sequence.

## Data Driven Decisions & Collaborative Culture

Teacher teams use regular data collection points to monitor the effectiveness of Tier II & Tier III intervention supports.

- Staff development and support for teachers will focus on Tier II & Tier III documentation of data collection points.
- The SHES Leadership Team and district personnel will conduct quarterly system reviews in order to identify areas for continuous improvement.
- Each grade level team will create an action plan to respond to the protocol feedback.

### GOAL

# 2

### GOAL

# 3

## High Impact Instruction

Teachers deliver lessons that are aligned to the rigor of the standards and reflect the instructional shifts.

- School Based Leadership Team, in conjunction with instructional staff, will conduct quarterly rigor walks/instructional rounds with an emphasis on identified core actions.
- Professional development will be delivered by the School Based Leadership Team and the NW Regional Team on the Growth Mindset which will focus on engagement, student autonomy and perseverance.
- Professional Learning Communities will focus on Eureka math module studies according to the scope and sequence.

Shady Hills Elementary School is part of the Pasco County School System.

Kurt S. Browning, Superintendent of Schools
