

SHES CAR RIDER PROCEDURES 2020-2021

▪ Arrival:

- Parents will be able to pull through the car loop as normal in a single lane along the curb. However, please note that you will NOT be permitted to exit your vehicle and walk your child to the building. Remember that students may NOT be dropped off prior to 8:20. There will be no supervision prior to that time and we need to limit students interacting with others outside of their class cohort.

▪ Dismissal:

- We will begin implementing a double car loop in the afternoons ONLY this year to help expedite the process. Students will be dismissed to the car loop at 3:08 this school year due to the delay at the start of the year. Again, you will stay in your car as there is NO walk-up/pick-up option beginning with this school year.

DISMISSAL PROCEDURES FOR CAR RIDERS

- As you enter the car loop, you will form two lines stopping under the overhang. An adult will be there to indicate where to stop.
- Once your child(ren) are safely in the car, you will turn your car rider tag around so the blank side is showing through your windshield. This will indicate to the monitors that your car is ready to be released.
- Once all of the cars along the covered walkway in both lanes have been loaded, the traffic monitor will release one lane at a time to allow you to merge back into one lane so that you may safely exit the school.
- Please DO NOT try to leave the car line until you have been released to do so.
- A traffic pattern diagram is attached for your review. Thank you for helping us to make our car dismissal a smooth and safe experience for our students and families!

* Afternoon Traffic Only *

Shady Hills Road
